EDUCATION

Bachelor of Computer Application, GLA University, Mathura

May 2024

Intermediate, Vidya Devi Jindal School, Kosi Kalan

Apr 2021

High School, Vidya Devi Jindal School, Kosi Kalan

Apr 2019

INTERNSHIP EXPERIENCE

MNJ SOFTWARE

June 2024 – Present

.NET Backend Developer - Intern

- As a .NET Backend Developer Intern at MNJ Software, I developed web applications using ASP.NET Core MVC, C#, and Entity Framework. I built RESTful APIs, used LINQ for data handling, and followed SOLID principles. While focusing on backend development, I also worked with HTML, CSS, JavaScript, and AJAX for frontend support, and utilized SQL Server with a Database First approach.

PROJECTS

Discipline Management Android App

Sept 2023 – Dec 2023

Using Android Studio and Google Firebase

- I developed an Android app for faculty to mark disciplinary activities, showcasing my proficiency in app development.
- I implemented a real-time notification system to reduce incident response times and enhance organizational awareness.
- Additionally, I integrated Google Firebase for secure storage and efficient retrieval of disciplinary data.

Online Voting Desktop Application

Feb 2023 – May 2023

Using Java Swing and SQL Server

- Developed an Online Voting System with Java GUI frontend and SQL Server backend.
- Integrated SQL Server for reliable storage of voter information, candidate profiles, and voting records.

SKILLS

Technical

- **Programming languages:** C#, Java, Python, C/C++, JavaScript
- **Web Development:** ASP.NET Core MVC, Web API, HTML5, CSS3, JavaScript, jQuery, AJAX
- **Frameworks & Libraries:** Entity Framework, LINQ, MVC Architecture, RESTful APIs, Fluent Validation, Swagger
- **Databases:** Microsoft SQL Server, MySQL – CRUD operations, Joins, Stored Procedures
- **Tools & Platforms:** Visual Studio, VS Code, Git, TFVC (Team Foundation Version Control)
- **Core Concepts:** OOP, SOLID Principles, Design Patterns, Data Structures & Algorithms

EXTRA/CO-CURRICULAR ACTIVITIES

- Successfully completed Hacker Rank assessment skill Certification on “Java Basic”.
- Successfully completed Hacker Rank assessment skill Certification on “Python Basic”.
- Certified in Advanced Java through Coursera.
- Recognized as a finalist in the prestigious Smart India Hackathon 2023, showcasing problem-solving and innovation skills.

DECLARATION

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
